

OCTOBER NEWSLETTER KINDERGARTEN EDITION

End of September Recap: Orange Shirt Day

Our class read *Phyllis's Orange Shirt* by Phyllis Webstad. Through this story, our students began to learn about Orange Shirt Day, and how it helps us remember the children who went to residential schools. Our focus is helping our students understand this topic through kindness, belonging, and respect, the foundation of reconciliation. For us, the message of "Every Child Matters" is not for one day, but every day!

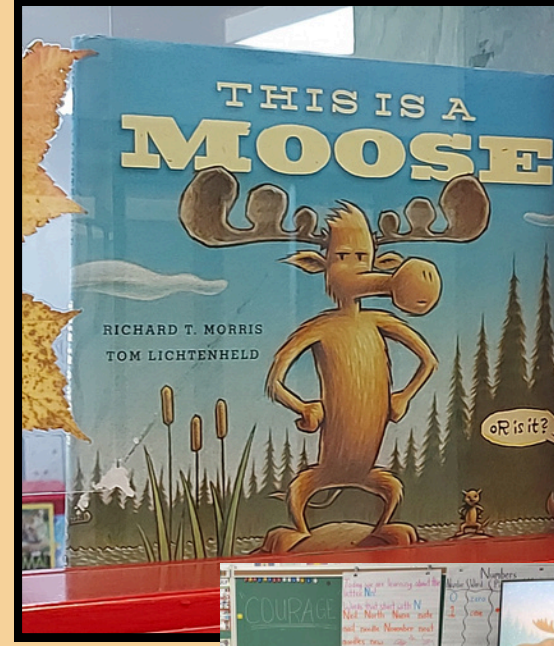

Gift from Matawa Education

Our Kindergarten class received special Learning Material Bags from MATAWA Education! Each bag includes a colouring book about the Seven Grandfather Teachings, a phonics book, alphabet activities, an ABC book, a storybook, and school supplies. These resources support children's learning, language, and cultural understanding. We are grateful for MATAWA's support!

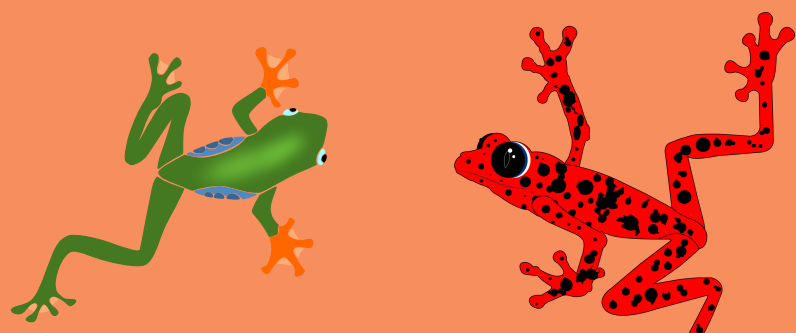

Fall Hunt: Moose Day in Kindergarten

In Kindergarten, we've been learning to bring our community's culture, language, and teachings into our daily activities. During Fall Hunt Week, we focused on the moose and its importance to the community and the people. Through the stories *This is a Moose* and *Mooz Finds a Way*, children explored the Seven Grandfather Teachings, Love, Courage, Respect, Humility, and Wisdom. They learned about believing in themselves, helping others, showing gratitude, and respecting nature, connecting these values to their own lives and community traditions.

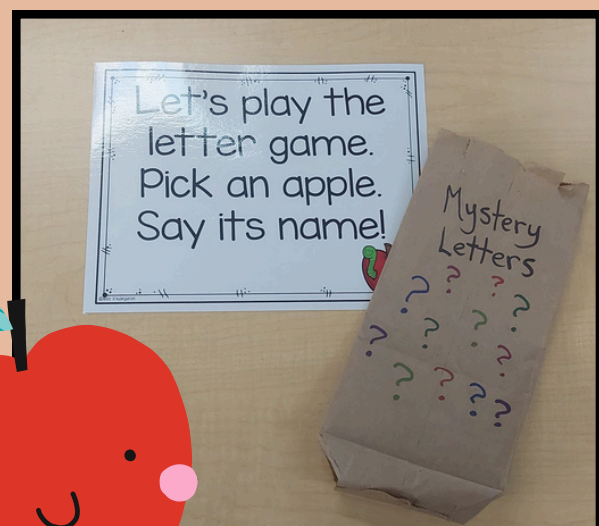

Learning Numbers Through Counting Frogs

Our Kindergarten had fun learning numbers through our Counting Frogs activity! Using playful frogs hopping through numbers 1-5, they explored early math in a hands-on way. Through play-based learning, children practiced counting with their fingers, matched frogs to numbers, and joyfully discovered that learning math can be fun and engaging!

Alphabet Learning Through Our Apple Letter Game

In literacy, we've been having fun with our Apple Letter Game that involves a "Mystery Letter" bag! Students take turns picking a paper apple from the bag to discover a surprise letter inside. Together, we practice saying the letter's name, its sound, and a word that begins with that letter. This hands-on game helps us recognise letters and sounds while keeping alphabet learning fun and engaging!

Halloween Week Activities

Our Kindergarten class had a spooktacular time celebrating Halloween! We kicked off the week with some "Bubble Cauldron" art, where our little witches created bubbly masterpieces. The excitement continued with our door decorating contest as our ghostly handprints and cheerful pumpkins made our classroom extra festive and full of Halloween spirit. We also rolled up our sleeves for some pumpkin carving, bravely scooping out the slimy guts and discovering all the seeds inside. On Halloween Day, we joined the whole school for a festive Halloween Walk, proudly showing off our costumes and sharing lots of smiles along the way. We wrapped up the week with our big classroom Halloween Party, where families joined us for snacks, treats, Halloween Bingo, and a candy scavenger hunt. It was a week full of wonderful memories!

FINAL SECTION

Welcome

We want to shout out our new Classroom Assistant (CA) Mr. Bradley! He has been a great support in helping our students learn and learn through play.
